ABIY H GETACHEW

Software Engineer

Profile

Web Developer with a strong foundation in software engineering principles. I'm proficient in Python and experienced in HTML, CSS, JavaScript, and Java. A team player always eager to learn new things and apply my skills to real-world projects. I'm particularly interested in exploring the potential of blockchain technology and aspire to become a Blockchain Developer in the future.

EXTRACURRICULAR

GDSC - AAU Member

Member

2023

-

Now

- As a member of the Google Developer Student Club (GDSC) at Addis Ababa University, I actively participate in various club events and activities. This involvement allows me to collaborate with fellow students, enhance my technical skills, and contribute to innovative projects. Through these events, I engage in workshops, hackathons, and community service initiatives, fostering a spirit of learning and growth within our tech community.

Certificates

Junior Cybersecurity Analyst
